## ABOUT THE EVENT

Malaysia International Marine Expo 2024 (MIMEX) is an international maritime and offshore industrial event that brings an international congregation of companies together in Kuala Lumpur Convention Centre (KLCC), Malaysia. It is slated to be Malaysia's most comprehensive international business platform encompassing all aspects of ship building, ship repairs, shipping, maritime engineering, offshore engineering & technology, dredging equipment and ports & logistics. The event is an exceptional meeting point for the global maritime community in Malaysia, a region where the industry remains buoyant and strong growth is set to occur. Malaysia International Marine Expo (MIMEX) will bring together leading industry players.

## OVERVIEW OF SIBU'S MASSIVE SHIPBUILDING INDUSTRY

The shipbuilding and ship repairs (SBSR) industry has been contributing significantly to Sarawak's economy and trade.

Citing statistics, Deputy Chief Minister Datuk Amar Awang Tengah Ali Hasan said the industry generated RM357 million worth of exports in 2017, and RM279 million last year, exporting many vessel types including to Indonesia, Australia, Singapore and the United Arab Emirates (UAE).

"Currently, Malaysia has about 100 shipyards nationwide – 60 of which are located in Sarawak," he said, pointing out that out of these 60 shipyards, 40 are operating in Sibu area.

"They are specialising in building and repairing small to medium-sized vessels such as tugboats, offshore support vessels (OSVs), barges, anchor handlers and passenger boats."

Awang Tengah said with all these considered, Sibu could rightly claim to be the 'heartland of the shipbuilding and ship repairs industry in Malaysia'.

"I am confident that the SBSR industry in Sibu will continue to play a vital role in the economic development of Sarawak. The SSA has become the link between the shipbuilding industry players and government agencies, especially my ministry, the Miti (Federal Ministry of International Trade and Industry) and Mida (Malaysian Investment Development Authority).

"Together with SSA, my ministry has completed the Rantau Panjang Phase 1 upgrading works costing RM11.7 million. Additionally, a tender has been called for the proposed Sibu Industrial Estate development covering an area of 150 acres," he added.

Awang Tengah also commended SSA for being very active in market promotion by holding overseas missions to China, Taiwan, Indonesia, Singapore, the UAE and Germany.

"This is a good sign – the shipbuilding industry is making efforts to expand into international markets," he said, adding that his ministry would continue to support the SBSR industry in expanding its market reach through participation in expositions such as the Malaysia International Maritime Exhibition (Mimex), Sarawak-Singapore Business Forum and Expo 2019, China International Import Expo (CIIE) Shanghai and Sarawak Export 2019.

"Participating in expos is a good way to promote our shipbuilding capabilities, but our shipbuilders must also keep themselves abreast with the latest information in the industry such as policies, incentives and technology.

# WHAT PEOPLES SAID ABOUT OUR PAST EVENTS ?

## **maha** Maha Asia

Attending MIMEX 2023 surpassed all expectations. Meticulously curated, the event provided an unparalleled platform for networking, showcasing cutting-edge technologies, and fostering collaboration within the marine sector. The insightful panel discussions, expert speakers, and diverse topics covered showcased a deep understanding of industry challenges. The event's collaborative spirit, coupled with valuable social interactions, left me inspired and well-connected. Kudos to the organizers for an outstanding experience, and I eagerly look forward to future editions.

### **BT Marine**

BT Marine exhibited for the first time at MIMEX 2023 and we were delighted by the quality of the visitors and the good organisation of the show. A 2 day format whilst not common in Marine expo's was we feel a key part of the show being constantly busy across the 2 days. It was good to meet existing clients, some of which we had not seen since pre-pandemic and also to obtain several strong enquiries from new clients. We will definitely be booking again for 2024.

### **Engtek Pte Ltd**

Very good from the services from Celine. MIMEX 2023 was indeed a good experience. ENGTEK was able to meet key personnel in the Malaysia Maritime Industry during the event which hosted a huge crowd!

### **Delton Marine**

Syuhaidah's friendliness and willingness to help is every exhibitor wish for. MIMEX 2023 is the first time Delton exhibit in Malaysia. With her assistance, our journey has become smoother. Thank you very much!

### **Noah Maritime**

MIMEX is a hub for the maritime and offshore industry, bringing together companies from around the world. It's a fantastic opportunity for networking, showcasing cutting-edge technologies, and exploring the latest trends in the maritime sector. Events like MIMEX are crucial for fostering collaboration and innovation within the industry, and it offers a platform for businesses to highlight their products and solutions. As a new company in providing coastguard services, we managed to gather valuable insights from industry leaders and professional maritime players. It is an event that definitely pave the way for new connections, collaborations, and future successes. This event should be further supported and encouraged by all players in the maritime industry. Overall, we had experienced fruitful and valuable insights during MIMEX 2023.

## EVENT HIGHLIGHTS

### **OPENING CEREMONY**

An Opening Ceremony officiated by government officials and key stakeholders in the Malaysia maritime industry.

### **BUSINESS MATCHING (MATCH & MEET)**

Match & Meet is a buyer-supplier business matching system dedicated to assist MIMEX's participants to plan their time well during the 2-days exhibition, participants can preview target suppliers/buyers' profile and schedule onsite meetings efficiently.

### **TECHNICAL WORKSHOP**

A platform on learning on the latest engineering skills from the experts in the industry.

### **TECHNOLOGY SEMINAR**

A platform of leaning and sharing program about the latest technology and information from the professionals in the maritime industry.

### **MARITIME INDUSTRY CONFERENCES**

A national platform for marine industry players and other stakeholders from Malaysia and International to interact as well as discuss issues and challenges faced by the industry while finding ways to spur its growth.

### **2 DAYS FULL EXHIBITION**

A platform to showcase on your products and services by creating branding awareness and increase popularity to the maritime industry internationally.

# THE VENUE

## KUALA LUMPUR CONVENTION CENTRE (KLCC)

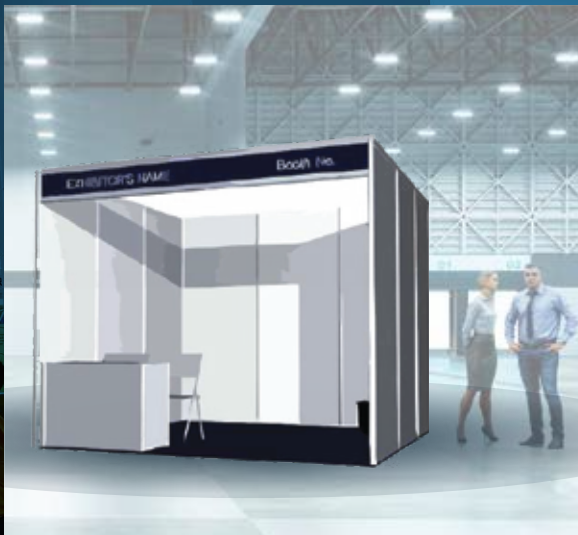

The award-winning Kuala Lumpur Convention Centre (the Centre) is wholly-owned by Kuala Lumpur Convention Centre Sdn Bhd which in turn, is owned by KLCC (Holdings) Sdn Bhd, a subsidiary of Petroliam Nasional Berhad (PETRONAS). The Centre is proudly managed by Convex Malaysia Sdn Bhd, a joint-venture between KLCC (Holdings) Sdn Bhd and ASM Global. As an ASM Global venue, the Centre also tracks its monthly environmental performance metrics related to Greenhouse Gas Emissions, Water Consumption and Waste Reduction via the AEG 1 Earth programme.
